FERTILIZER

GUARANTEED ANALYSIS

Total Nitrogen (N) 8%

4% Nitrate Nitrogen
3% Ammoniacal Nitrogen
1% Other Water Soluble Nitrogen

Calcium (Ca) 1.8%

Derived from Ammonium Nitrate, Calcium Nitrate, Animal protein hydrolysate

GENERAL INFORMATION

- Improves nutrient conditions for better overall plant mass and crop yield
- Corrects nutrient deficiencies that lead to blind bud
- Optimizes nutrient conditions essential for improved flowering and fruiting.
- Optimizes nutrient conditions that allow for uniform bud development and flower.

MIXING/COMPATIBILITY

SHAKE WELL BEFORE USE.

DIRECTIONS FOR USE

READYSET APPLICATION RATE TABLE				
CROP	CONCENTRATION	CALCIUM NITRATE	FINAL SOLUTION VOLUME	TIMING
Cherry	8%	8%	100 gallons / Acre	Treat 40-30 days before the beginning of flowering.

CHERRIES 8 GALLONS READYSET + 100 LBS $CaNO_3$ + 80 GALLONS WATER = 100 GALLONS OF FINAL APPLICATION VOLUM

- Do not use on plants younger than 3 years of age, weak or not properly lignified.
- Apply in areas with an insufficient number of chilling hours (T < 45°F (7.2 °C)).
- Do not apply when temperatures are lower than 41°F(5°C).
- Apply when no rain is predicted in the following 24-36 hours after application
- Any treatment with mineral oils should be carried out at least 8-10 days after the application of READYSET
- Avoid applying the product (even by drifting) on vegetating or evergreen crops (i.e. olive, citrus etc).

For fertilizer application rates tailored to specific needs, consult with a Miller Chemical representative or a certified crop advisor. General rates provided on labels may not account for unique conditions.

The product may not be applied near bodies of water (such as lakes, rivers, streams, or ponds), storm drains or drainage ditches or to any impervious surface. The product may not be applied if heavy rain is expected. The product may only be applied to the intended application site.

Information regarding the contents and levels of metals in this product is available at https://www.aapfco.org/metals.html

For raw material information, contact Miller Chemical & Fertilizer, LLC, at productinfo@millerchemical.com, referencing the batch number on the container.

DANGER: CAUSES SERIOUS EYE DAMAGE

If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read carefully and follow all instructions. Wear protective gloves/protective clothing/eye protection/face protection. **IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing Store in tightly closed, clearly labeled containers in a cool, dry, and well-ventilated area, away from direct sunlight and environmental exposure. Keep the product separate from food, beverages, and animal feed. For information on incompatible materials, refer to Section 10 of the Safety Data Sheet.

WARRANTY STATEMENT: Miller Chemical and Fertilizer, LLC warrants that this product conforms to its labeled chemical description and is reasonably suitable for the specified purposes when used as directed. However, inherent risks exist, including weather conditions, other substances, or variations in use beyond Miller's control which may result in crop injury, ineffectiveness, or other unintended consequences. Miller is not liable for consequential, special, or indirect damages resulting from product use or handling. MILLER MAKES NO WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE NOR OTHER EXPRESS OR IMPLIED WARRANTY.
